What is Biometrics?
Biometrics refers to the identification of humans by their unique characteristics or traits as a form of biometric and access control. These include fingerprints, palm prints, signature, etc.

Why use Biometrics in Voter Registration?
The main purpose of using biometrics in the voter registration process is to prevent, detect, and stop multiple registrations or identity theft. It also improves the accuracy of the voter's roll.

BIOMETRICS

What is Biometric Voter Registration (BVR)?
Biometric Voter Registration (BVR) is the process of registering eligible voters by capturing biometric features. During the registration process, the Zimbabwe Electoral Commission (ZEC) will be using two key biometric features - fingerprint and photograph.

Use of biometric data
The biometric data validates fingerprints and photograph. It also identifies any duplicates of the biometric features and removes such duplicates. The verified data is kept by the Zimbabwe Electoral Commission (ZEC).

Have proof of residence -
A proof of residence is a document confirming where you live - it needs to have both your full name and your address printed on it. The document can be any one of the following:
- a) title deeds or a certificate of occupation;
- b) a lodgers permit issued by the relevant local authority;
- c) rates, water, electricity, telephone or credit store statements on which is shown your name and physical address;
- d) a statement from your landlord, parent or friend confirming that you reside at the stated place of residence accompanied by any of the documents in paragraph (a), (b) or (c) in the name of the landlord, parent, friend or such other person at whose residence you reside;
- e) a statement confirming that you reside at the stated place of residence made by the head of a school, hospital or other public institution where you reside;
- f) a statement confirming that you reside at the stated place of residence made by or on behalf of the person in whose name a mining location is registered in the area where you reside;
- g) a statement by your employer confirming your address;
- h) a confirmation letter by the relevant councillor, village head, headman or Chief confirming that you reside in the ward you claim to reside in;
- i) a confirmation letter by farm owner or resettlement officer confirming that you reside in the ward you claim to reside in;
- j) an offer letter proving that you are in lawful occupation of the land to which the offer letter relates;
- k) a hospital bill or a clinic or hospital card or an envelope with post office markings reflecting your address.
- l) If you are unable to produce any of the above documents as proof of residence, you can submit a residence affidavit stating your place of residence.

The registration process
1. Complete the registration form and have your identity document and proof of residence.

2. Your documents and voter registration form will be checked by the Voter Registration Officer.

3. Your data will be captured by the Voter Registration Officer.

4. Your documents and fingerprint will be scanned and photograph taken by the Voter Registration Officer.

5. You will be requested to verify your data on the Biometric Voter Registration Kit screen.

6. Upon confirmation you will receive a Certificate of Registration. Keep this certificate safe as a record of your registration. The following information will appear on the certificate:
- Surname
- Name
- ID Number
- Serial Number
- Polling Station
